Hey Tom,

I just wanted to touch base with you on the spill. Things are going pretty well Sunoco has recovered approx. 3100 bbls of crude but still have quite a bit of work to do. We urged them to put together a Contingency Plan for bad weather and the potential of some oil being pushed into the lake. I believe they have adequate resources on hand to handle things but if you have any questions or issues let me know. You can reach me at 214.437.9804. Thx.
